

Dear Registry Operator,

ICANN is sharing an invitation from the Registries Stakeholder Group (RySG) for you to join their webinar to discuss the proposed amendments to the Registry Agreement on Domain Name System (DNS) abuse. This webinar will offer you the chance to learn about the proposed amendment and voting procedure, hear from members of the team who negotiated the amendment, and discuss its operational impacts with fellow registry operators.

This webinar is being presented by the RySG and hosted by ICANN org. You do not need to be an RySG member to attend and all registries, regardless of membership, are encouraged to attend.

There will be two chances to attend the webinar:

Wednesday, 4 October 2023, 1500-1600 UTC
