

Dear ICANN-Accredited Registrar,

This notice is to inform you that the [global amendment](#) to the 2013 Registrar Accreditation Agreement (RAA Global Amendment) was approved and will become **effective on 7 August 2023**.

Please refer to the reference materials provided on ICANN's dedicated [2023 Global Amendment webpage](#) to review the changes to the RAA, determine necessary implementation measures, and to track updates from ICANN. Details regarding the Registration Data Access Protocol (RDAP) transition milestone dates will also be posted to the 2023 Global Amendment webpage.

The RAA Global Amendment received both required approvals as outlined in [Section 7.4.3](#) of the RAA. The two required approvals were received from: (1) Applicable Registrars as of the end of the voting period on 20 March 2023, and (2) the ICANN Board on 30 April 2023 as outlined in the [Approved Board Resolution](#).

Please note that the RAA Global Amendment included several cross-reference typographical errors in the Registrar Information Specification (RIS) which will be corrected (as shown in a [redline](#) of the RIS posted to the [2023 Global Amendment webpage](#)) in all final versions of the documentation.

Pursuant to Section 7.4.3 of the RAA, the revisions resulting from the approved RAA Global Amendment will be effective and deemed an Approved Amendment to all RAA(s) for the IANA IDs listed in the attached Appendix A sixty (60) calendar days from the date of this notice on 7 August 2023.

Once the RAA Global Amendment becomes effective, individual execution is not contemplated according to Section 7.4.3 of the RAA. ICANN will publish the effective RAA Global Amendment to the [RAA webpage](#).

If you have any questions, please send an email to registrar@icann.org.

Sincerely,

Russ Weinstein
Vice President, GDD Accounts and Services
