Reasons for Attending GDD Summit

COLLABORATE

Meet with colleagues in person and benefit from productive face-to-face dialog and learn more about best practices, share resources and resolve challenges.

LEARN

Gain understanding about ICANN's organization, GDD services and operational matters and how to best perform specific required and other functions.

SHARE

Have dialog with Registries, Registrars and ICANN about challenges, what is working, where to improve and what is not working.

More Tools for ICANN Support - UASG Form

- Registries, Registrars and Registrants can visit:
<https://uasg.tech/global-support-centre/>
to fill out Trouble Report Form
- ICANN Support will then field and follow up reports of applications and web forms where urls using IDNs or new TLDs that do not function as expected.
- Support will document, follow up and potentially solve to closure where possible.
- Make your support teams aware of this resource.
